NEWSLETTER

EDITORIAL.

I intend to keep this months newsletter short and sweet, as things are rather hectic and there have been one or two changes. The 1995 UFO conference is drawing nearer and when you receive this newsletter (In Mid April), the Portsmouth Conference will have passed by and new frontiers will have opened. Up to date, we have sold around 200 tickets for the conference and look forward to a sell out crowd. In the April edition of the newsletter, I will review the conference and give details of the conference video, that will be available through me.

The Roswell controversy has been bubbling along with claims and counter claims and in the next edition, I will be reporting on the ups and downs concerning the video footage of the alien autopsy.

Another reason why the newsletter is somewhat late this time round, is that I have just purchased a new personal computer and inkjet printer. I am still trying to get around the screen and the new keyboard, but I will master it. I hope to improve the quality of the newsletter, and eventually include pictures etc. in the newsletter. So please bear with me over the next few months as I experiment with layouts etc.....

As I said before, this is a very short editorial, in fact that is the end and next months will be a bit spicier and who knows my M.I.B (Or Man In Bufora) may have a few more tales to tell.

WHAT THE MEDIA HAD TO SAY IN FEBRUARY 1994.

NATIONAL ARTICLES :

PRESS :

Southampton Evening Echo : 24.3.95 :

Mystery Light Show Sparks UFO Alert :

Strange lights have been spotted again in the skies over Hampshire - sparking an extra-terrestrial alert.

Amazed residents in Southampton and Winchester reported mysterious slow-moving lights drifting across the sky on Wednesday night.

Terena Plowright, a 32 year old student at Southampton University, watched the light show from her home in Owslebury, near Winchester.

"We couldn't see a shape as such", she said.

"But there were different colours coming off it. I watched it through binoculars with my brother Bradley and we could see red, green and blue coming off".

she added : " My brother is an amateur astronomer and it definitely wasn't a plane or a satellite. We watched for about an hour and then it moved off towards the New Forest. We just knew it was something weird".

And Mabel Burden, of Thorold Road, Bitterne Park, said : "It was a very bright light - it was no planet or star. It was making swaying movements gently up and down."

Mrs Burden, who claims to have seen the lights several nights running, added : " I saw it first at about 10.30pm but it was still there when I wake at 3.30 am, although it had moved across the sky. It seemed to have a red light inside".

Hampshire UFO expert Lucy Pringle said : "I do know that this is an area where there have been unexplained sightings in the past and it's perfectly possible this is another along those lines".

A spokesman for Eastleigh airport said no aircraft would have been flying at the times of the sightings.

Daily Mail : 28.3.95 :

Little Green Men Or Big Green Dollars ?

This article looks in depth at the Roswell crash and the new film footage that is allegedly shows the autopsy on the aliens from the craft (see next months editorial..ED). According to the article, Mr. Philip Mantle is **convinced**. He has seen one of the 14 canisters of black and white film. He knows the camera mans name, and he is willing, in due course, to testify (I can't wait for this to happen...ED !!!!).. He wants to sell the film because he lives in poverty and wants to contribute to his daughters wedding. According to Mr. Mantle, the film shows : 'The inside of a temporary structure - a tent of some kind - in the desert (How does Mr. Mantle know its a dessert as the film is showing an autopsy inside a tent...must be a palm tree in the corner...!!!!..ED). It is lit by lamps, not electricity. The creature itself is on a bench or table, partly covered by a sheet. But its arms and head are clearly visible.

"The camera stays in one place - a corner, presumably, by the feet and to one side of the creature. On the far side, two men in white coats seem to be taking tissue samples.

"The creature itself seems slenderly built, without hair, pale-skinned so far as one can tell from the black-and-white film. It has no visible protuberances - no earlobes, or nose, and it has big, dark oval eyes".

(The article ends....Mr. Haut said yesterday...What I can't understand is why they haven't cashed in before now. I have always believed that an alien space ship did crash here, but I also believe in big green dollars. Everyone has their price.....)

Daily Mail : 5.4.95 :

Coming In A Wing And A Flare.....

Wreathed in flame, it thundered through the night sky - a sight guaranteed to give UFO-watchers close encounters with their binoculars.

But the strange-looking craft cruising above the coast of South Australia was no alien spaceship. It was a venerable Hercules C-130 transport of the Royal Australian Air Force on a test run - and the spectacular fireworks display came courtesy of hundreds of flares being ejected by its counter-measures system.

The blazing rockets are hurled out to put heat-seeking missiles off the scent by providing an even hotter target than the plane's engines.

The Hercules may be old, but it still has fire in its belly.

(This article was included just to show that you should not believe all that you see, flying across the skies.....ED)

RADIO :

Can anyone help me with the following two items that recently appeared on BBC Radio 1. On the Nicky Campbell show, an ex British airways Pilot was interviewed about his UFO encounter, date unknown I am affraid. Then, on the 3.4.95, Philip Mantle appeared on the same show. Did anyone manage to record either of these items. If so, the editor would like to hear from you.

TELEVISION :

The X-Files : 21.3.95 and 28.3.95 :

This two part special was one of the best in the news series so far as far as I am concerned. It dealt with the abduction of Moulder and left many questions un-answered such as who really abducted her, the government or little green men from out of space. I feel that the program is going from strength to strength and if the rest of the programs in the current series are anything as good as this, then we are in for a real treat.

Arthur C. Clarkes Mysterious Universe : 3.4.95 :

This dealt with the abduction scenario and like all other Arthur C. Clarkes Tv. programs, he did not give a true answer to the question of Alien abductions. Although he did not categorically deny them, he seemed to indicate that the universe is a very big place, and it is nice to think that there may be other life forms in the universe, but not visiting us.

Arthur C. Clarkes Mysterious Universe : 4.4.95 :

This looked at the mysterious subject of the mystery cats that are reported stalking the British countryside. Many parts of the country have been visited by the mystery cats, and the South of England has had one or two mysterious visitors in Basingstoke and Southampton just to mention two places. Again, no real answers were forthcoming from the program, and Mr. Clark did not put his neck on the chopping block. Well worth a look at if you missed it, and are interested in this subject.

MAGAZINE REVIEWS :

1. HEARTLAND UFO JOURNAL : NO.31 OCT 94 - NO.34 JAN 95;

This is a great monthly magazine and well worth adding to your collection. The four editions look at "Alien abductions : Over coming the first hurdle (No 31), local UFO reports of object covered in lights (No 31), Object like a boomerang seen over Missouri (No 32), Family reports encounters with entities (No 33), Lights perform right angle turns (No 33), Unexplained ground marking near Sedalia, Missouri (No 34), Shiny cylinder observed near Bolivar, Missouri (No 34), Doctor observes daylight disk (No 34), Former air force pilot sees UFO (No 34) and much much more. For more details on how to obtain copies, contact : Heartland UFO Journal, PO Box 440, Lockwood, MO 65682.

2. IUFOFRA JOURNAL : FEB/MAR 95 ;

This edition looks at "A fireman's guide to UFO's", "Intruders" - Minie Series (CBS), and an update about the group. For more details about the group and its publications, contact the I.U.F.O.P.R.A. (See previous newsletters for address).

3. UFO REPORTER : NO.4 1995 ;

An up and coming magazine on the British circuit that covers such subjects as UFO Case book - UFO reports from the *CONNECT* files, Isle Of Man Mysteries, Connect Files, Ilkley Moor BOL case, UFO Book review, Scottish Ufology and much much more. For subscription details etc, contact Nigel Mortimer, 5 Stocks Hill, Menston, Nr Ilkley, W. Yorkshire. LS29 6ND.

4. PEGASUS : VOL 4. NO.1 1995 ;

Gordon Millingtons magazine is one of the magazines that is high on my list of best magazines available. If you want to know what's going on in Ufology, then you cannot go wrong in subscribing to this magazine. In this edition, there is a look at the Krull Files, Lazar as a fictional character, The Mystery Helicopters, USAF pre-empted GAO Roswell report, Abduction in Staffordshire, Zecharia Sitchin and the Ancient Astronauts and much much more. For subscription details, contact : SIGAP, 126 Grange Road, Guildford, Surrey, GU2 6QP.

5. OVNI : MARCH 95 ;

With the current UFO activity in Derbyshire at present, Omar Fowler appears to have his hands full. Omar packs his magazine with recent sightings and it appears that there is an invasion of 'Triangles' at the present. In this edition, Omar looks at Derbyshire faces up to a 'Flying Triangle' invasion, UFO events in Derbyshire, Reports from Nottingham and more. For more details, contact Omar Fowler, 12 Tilton Grove, Kirk Hallam, Ilkeston, Derbyshire. DE7 4GR.

6. SKYLINK : NO. 10 1995 ;

I cannot praise high enough the work and energy that Roy Lake, of London UFO Studies puts into the Ufology subject. He recently helped me out with the visit of Dr. Leo Sprinkle and he is to speak at our forth coming conference. If you want a UFO magazine to subscribe to, then this one is a must. In this current edition, there is a look Rendlesham Forest (The Truth as we know it), Are we hybrids ourselves, shoot that UFO, Sightings, a summary of my UFO experiences (Lisa Natasha), UFO mystery in Falkirk triangle and much much more. For as little as £6 per year, Roys magazine offers value for money and current research. For more information, contact Roy Lake, 10A Tudor road, Barking, Essex. IG11 9RX. If you have a computer and are on the Internet global network, then e-mail : skylink@lufos.demon.co.uk

7. CIRCLES RESEARCH : MARCH 95 ;

Maria Ward produces another of those great magazines worth reading, and this edition is of no exception. With an update on recent UFO reports, Hidden messages, Colin Andrews crop circle convention canceled, Anatomical Anomalies in crop formations, Beyond the 'Wrapping paper' of Alien Contact, Roswell film update and much much more. For more details, contact Maria Ward, 1 Louvain Road, Greenhithe, Kent DA9 9DY.

8. EMUFORA : NO.5 SPRING 95 ;

In this edition, Anthony James looks at the farewell note from Bob Oechsler, Freedom of Information Act document files, UFO lands in Sweden, Flying Triangles, David Barclay speaks at Quest April 24/94, and much more. For more information, contact Anthony James, 8 Roosa Close, Hempshill Vale, Bulwell, Nottingham. NG6 7BL.

9. SPI : APRIL 95.

In this edition, there is a look at Crop Circles, Press reports, Articles from computer bulletin boards, UFO reports from the Derbyshire area, and much more. For more details, contact Southern Paranormal Investigations on Portsmouth 01705 611437.

10. UFO Magazine : Vol 10, No. 2 March/April 95 :

This is one of only 3 magazines I get that originates from America, and for value for money, it is worth the £3.50 per copy to get it. In this edition, there is a look at Walt Disney World that stages 'UFO Summit', Q & A : Jesse Marcel Jr., UFOs linked to 'Marilyn Conspiracy' and a whole lot more.

11. AWARENESS VOL 20, No 2 1995 (Contact International) :

This is another of those magazines that should be on everyone's mailing list and is one of the golden oldies of British Ufology. This edition looks at such subjects as 'The Fire Returns' - Latest sightings, Further views on Roswell, Cattle mutilations in North Wales, A dossier of Greek Ufology and much more. For further details, contact : Contact UK, 11 Ouseley Close, New Marston, Oxford, OX3 0JS.

***** MONTHLY *****

THE VISIT OF DR LEO SPRINKLE & FRIENDS.

The visit of Dr. Leo Sprinkle and his group was long awaited and I had worked hard in arranging the visit. The British contingency consisted of Myself, Mr. Tom Trubridge, Mr. Ernie Sears, Mr. Roy Lake of the London UFO Studies Group, N. Williams from the London UFO Studies Group, and Mr. Malcolm Terry of the Andover UFO group.

When myself, Tom, and Ernie left Southampton, we seemed to hit every red traffic light in the city. We finally met up with Malcolm Terry in Andover, and waited for the Americans coach to arrive. This duly did at 10.40 and Dr. Sprinkle introduced himself and his group to us. Whilst we had been waiting, we were frozen to the bone and this was just a taster of things to come. The weather was bright, and the clouds scurried across the blue sky.

The American party was very friendly indeed, and by the end of the day, we made many new friends. We presented each one of the American delegates with a presentation package outlining the day ahead.

Our first visit of the day was to be to Danebury Ring, but when we arrived, we were met with the first problem of the day. The coach could not fit through the entrance gate and we were unable to get right up to the site, but the Americans got some great photographs of the sign at the entrance !!! (If it moved or just stood still, it was a matter of photographing it !!). Malcolm Terry began to give a talk about the area, and the crop circle formations that have appeared in the area over the past few years. By now, we had already made friends with one of the party, Minnie Baxter, who was your typical 'All American Girl' from the South.

We headed off to our lunch in Warminster, but arrived some 30 minutes late and I suddenly thought that things were starting to go wrong. Our lunch consisted of Mushroom soup, Ale and Steak pie with roast spuds and veg, followed by apple pie and custard. We enjoyed a very nice meal, and the talk was very jovial. We retired to a meeting room at the Old bell Public House, for an informal meeting. At this meeting, I presented some recent video material, and we all joined in with our own points of interest. We came to a common feeling, that there was not enough exchange of information and inter-group co-operation, and that we should work together to get the word over to other groups and to get an exchange of information going. We also presented Dr. Sprinkle with information packages. Malcolm Terry presented a framed photograph of the 1994 crop circle formation at the Devils Punch Bowl, near Winchester and a few other items. I presented Dr. Sprinkle with a video, 2 audio tapes and a copy of Bob Price's book 'UFO's over Hampshire and the Isle of Wight'. We ended with 5 minutes of questions and answers before our next excursion.

We now headed to the ancient standing stones at Avebury, passing Silbury Hill on the way. We spent approx. 30 minutes looking at and photographing the stones, before we headed off to Stonehenge. But we arrived after 6pm, and the stones were closed and we had to take our lives in our hands, and cross the main road. The Americans were mesmerized by the stones and their cameras were doing over time. We ended the day with a group video and photo session, with burial mounds as a backdrop.

During our visit to Avebury, one of the groups cameras refused to work, and at Stonehenge, another camera gave up the ghost and refused to work. (I have since found out, that a day or two later, both cameras were in fine working order and there appeared to be nothing wrong with them....????)

Myself, Ernie, Tom and Malcolm were dropped off back at Andover, and we waved farewell to a group of very kind and friendly people. I was left with memories of the day that I will not forget in a very long time. We carried our tired bodies back to Malcoms house, and tucked in to a plate of chips and a nice cup of tea.

We hope to keep in touch with our new found friends and that our friendships blossom and that in the future, maybe just maybe we may be able to go to America to see our friends again.

(Copyright Steve Gerrard Southampton UFO Group 1995...)

UFO SIGHTING ON THE USS FRANKLIN D.ROOSEVELT 1958. (PT 1)

I recently received a letter from Chester Grusinski in Michigan, USA and what follows is the contents of his letter :

Dear Mr. Gerrard,

I read your article "Watching for them looking at us" (Southampton Evening Echo 18.10.94)...

I was on the "Sightings Tv program February 12, 1995. The reason for my writing you now is to see if you might be interested in the information I have. I am a witness to the 1958 UFO sighting on the U.S. Navy Aircraft Carrier, USS Franklin D. Roosevelt CVA-42. The ship was on a shake down cruise near Gitmo, Cuba when this

cigar shaped object with a row of windows came up to our ship. It had figures inside watching our ship. Then it turned a red-orange color (This is when I could see its cigar shape, because it was dark outside). It took off, up very fast. Bridge watch was screaming on the ships intercom for the officer of the deck or bridge to get up on the double. The ships maneuvers stopped suddenly for some unknown reason. They kept the incident quiet. Special CIA investigators came aboard to investigate gambling below decks, the excuse they used.

Years later, after I was out of the navy, I and other researchers investigating the '58' UFO sighting, found out about other UFO sightings seen by F.D.R crew members. In late September 1952, the NATO Naval forces had held maneuvers off the coast of Europe ; they were called Operation Mainbrace. Photographs were taken as the object over took the NATO fleet. Photos were taken from the deck of the F.D.R by crew members and tracked on the ships radar. Freedom of Information Act requests to the Navy department, CIA, and NASA produced no information about any of the UFO sightings. Nothing on the ships deck logs about any of the UFO sightings could be found because of regulation JAN AP - 146. I have letters from the ships crew members that saw the UFOs, and copies of photos of the 1952 UFO sighting taken by a press reporter from the deck of the ship.

(Chester was kind to supply me with all the letters, reports and photographs regarding the incident, and next month, I will be running part two of this extraordinary case....ED)
